

## Sales Osby Figure Skating Club Spring 2025

In order for our children and youth to continue with figure skating, we all need to help with various sales to raise money for the association. This spring, we will be selling toilet and household paper from Serla. Last season, we achieved very good sales, and we intend to surpass that this year.

How much should I sell?

5 bags for 1 skater/family

8 bags for 2 skaters/family

You have the option to buy yourself out of the sales for 750 SEK if you have one skater, or 950 SEK if you have two skaters.

The sale will take place between weeks 7-10, from February 10 to March 7. The dates for when you can pick up what you have sold will be announced later.

Below is the link to the sale:
